

A Positive Alternative to Life's Challenges

*THE EMPOWERMENT DYNAMIC

A Deeper Dive: Applying the Power of TED* to Work and Life

TED* (*The Empowerment Dynamic) TM has had a positive impact for hundreds of clinicians and leaders within Cleveland Clinic. Many in the organization have been asking for a more in-depth training experience. This 2-day “Deeper Dive” is that opportunity!

TED* provides practical tools and frameworks that result in more resourceful and effective ways of thinking, relating and taking action.

WHAT DOES THE DEEPER DIVE PROVIDE?

Based on David Emerald’s book, *The Power of TED**, this workshop will:

- Put you on the path to more effective, resourceful and resilient relationships and help you show up at work with less stress and more ease;
- Increase your self-awareness and how to relate more effectively with colleagues when drama patterns are on full display;
- Liberate you from your reactive habits and strategies; and
- Expand your ability to make inspired and creative decision, even in the face of drama, change and uncertainty, to create results that matter.
